

SPRING ROLLER, WITH BRAKE

Made-to-measure roller insect screen — ENROLA Easy Fit

A discreet box above the opening, a screen that comes down like a blind and disappears when not needed. Spring, brake and guides included, quick to fit.

- Spring-loaded end caps
- Progressive brake
- Textile-welded mesh
- Adjustable catch and ergonomic handle

SPRING ROLLER, WITH BRAKE

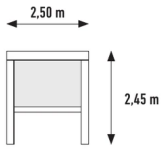

The screen that disappears when you don't need it

The ENROLA Easy Fit rewinds on its own into a 40 mm aluminium box. It is the most common solution for hinged windows and the one that goes best with an exterior shutter, because it shares the same side-guide logic. The mesh is textile-welded, so it stays taut and free of ripples whatever the temperature.

- **Spring-loaded end caps.** They hold the box while the guides are fitted and absorb small measuring errors.
- **Progressive brake.** The mesh rises gently instead of slamming at the top: quieter and less wear. Included on every size.
- **Textile-welded mesh.** It is fixed to the 25 mm axis without extra turns of mesh, allowing greater heights with the same screen.
- **Adjustable catch and ergonomic handle.** Precise, smooth adjustment, with a cord that clips into the handle.
- **Anti-insect brush seal and guides.** Sealed all round; anti-wind side guides supplied with the screen.

17	Brush 5.5 × 12
18	Terminal side cap
19	Net
20	Adjustable closure

estoresportugal.com — Made to measure in Avanca

ENROLA EASY FIT

How to measure

Measure the width and height of the opening at three points and always use the smallest figure. If in doubt, our guide shows you how, step by step.

On quote

Pet-resistant mesh (74 % stronger), cat flap, other colours and sizes outside the range: we make them on quote.

Frequently asked questions

Can I combine it with an exterior roller shutter?
Yes. It uses side guides like the shutter and can be ordered in the same colour, on the same order, with a single delivery.

Does it stand up to wind?
The side guides with brush seal hold the mesh in place; the brake stops it slamming when it rewinds.

Work out your size in the online shop

Enter the width and height of the opening and see the price at once, VAT included, at estoresportugal.com. For larger projects, ask for a quote.
